

# IMPACT Report

## HEALTH ACCESS

65,000

Through our partnerships, we collectively distributed enough food for over 65,000 people.

\$4 Million

Our community saved over \$4 million in prescription costs.

## ECONOMIC MOBILITY

50%

50% of people experiencing homelessness were able to increase their income, assisting in their ability to become more financially stable.

20%

United Way's Home for Good strategy shows a 20% decrease in homelessness since 2016.

## EDUCATIONAL EQUITY

70%

70% of students in after-school programming coordinated by United Way's Community Schools United experienced growth in core school subject areas.

600

Community Schools United helped nearly 600 students by assisting in social-emotional learning. This support improved classroom behavior, increased resiliency, and created positive attitudes.
